**Practically, there already exists a one world order and a common currency.** Virtually 99.9% of all cross-border money flows in the world today are conducted by large financial institutions — money center banks, large pensions funds, secretive hedge funds — and corporations. To these “big players”, money is already seamless “global money.” Foreign exchange today is the most enormous financial activity of any type in the entire world. In 2004, more than \$1.9 trillion in currencies were exchanged each and every work day..
